

## Investing in the Future of Our Country

Our youth are in dire need of character-based leadership values. TLC's education and outreach programs provide the core values and leadership training required to empower its student members to become world-class citizens and leaders. Your contribution will have a profound impact on these students and ultimately the future of our country by:

- offering financial strength for TLC's stability and growth potential
- providing operational funds for new and innovative leadership curriculum and programming
- enabling growth and expansion of TLC's classroom network and service programs
